Problem-Solving, Teamwork & Collaboration, Adaptability, Leadership

Experience

RPA Developer

ClaySys Technologies

Oct 2025 – May 2026 | KAKKANAD, KOCHI

- Built a strong foundation in RPA by developing 3+ automation workflows, reducing manual effort and improving task efficiency in daily operations.
- Developed and maintained internal and client-based RPA projects, ensuring smooth execution and reliability.
- Worked on real-time automation use cases, improving process efficiency and minimizing manual work in day-to-day operations.

MERN Stack Developer Intern

Camerin Folks Pvt Ltd

Aug 2024 – Feb 2025 | KAKKANAD, KOCHI

- Completed 6-month training in full-stack development with MERN technologies.
- Built responsive web interfaces and dynamic server-side logic.
- Enhanced internal workflows by 30% through developing intuitive dashboards and improving user interface responsiveness in real-world MERN stack projects.

Projects

ORITZA — Car Rental Web Application

- Built a car rental platform with vehicle management, wishlist functionality, and communication features.

HelloWorld — Real-Time Chat Application

- Crafted a real-time communication app with responsive design, interactive messaging, and customizable themes.

SPICES — Wholesale and Retail Web Application

- Designed a full-stack e-commerce app with authentication, user roles, and sales features.

Weather App

- Created a weather application with city-based forecasts and real-time climate information.

Education

Bachelor of Computer Applications (BCA), MG University

Kottayam | May 2024
